INEOS GRENADIER

FOREWORD

Written and visual depictions (including photographs, CGI and colors) of the Grenadier Station Wagon or Quartermaster within this brochure may be taken from alternative global market specification vehicles or prototypes and may vary from production models. Specifications and details may be subject to change without notice.

This brochure describes standard features, options and accessories. For further details on these items, please refer to pages 46–52 of this Brochure or contact your INEOS Retail Partner.

Some of the features presented in this document may be optional in New Zealand.

**“A 4X4 NO-ONE’S BUILDING
ANYMORE. THAT’S OUR
BLUEPRINT FOR THE
GRENADIER: A SERIOUSLY
CAPABLE OFF-ROAD
VEHICLE ENGINEERED
TO FILL THE GAP.”**

A NEW CHALLENGE

**MASTER
ANY
TERRAIN**

(4X4)

INTRODUCTION

Before we set out to create the Grenadier we listened to what you told us you wanted from a tough off-roader. Then found the best engineering partners for the job. And put our prototypes through punishing global testing for over 1.1 million miles. Quality, utility, durability, reliability, comfort: every detail's been thoroughly thought through then brought to life with expert precision.

Ladder frame chassis engineered by Magna, Springs by Eibach. Award-winning drivetrain from BMW. Five-link beam axles from Carraro. Industry-leading gearbox by ZF. Off-road transfer case designed by us, made by Tremec. Seats by RECARO. Engineering excellence designed and tested to combine high performance with extreme utility. Proven to be able to tackle whatever task or terrain you have in mind. How you use it is down to you.

STATION WAGON

A seriously capable all-rounder.
Engineered to be balanced between
payload and passenger carrying capability.
Seating for two or five. Ready to tackle
trails, twisty lanes, and city streets with
equal ease. With a choice of trims and
accessories to adapt to your exact needs.

QUARTERMASTER

For even more versatility when carrying awkward loads on extreme off-road terrain. The size of the load bay, paired with unrivalled off-road capability among pick-ups, means you can carry even the most impractical of loads to remote destinations. All with seating for five and a choice of trims and accessories tailored to your needs.

EVERYDAY EXPLORATION

INEOS GRENADIER 8

EVERYDAY EXPLORATION

The Grenadier is a rugged, reliable, expertly engineered 4X4. But it's also much more than that. It's comfortable. Functional. Highly versatile. Tuned and balanced to perform how you need it to both on road and off. And designed to carry out whatever task your life throws at it.

So it's your family car, your tough everyday work vehicle, your weekend adventurer. Year after year after year. A 4X4 engineered precisely both for you, and the generations to come.

**“IT’S JUST GOOD OLD—
FASHIONED NO—NONSENSE
MECHANICALS THAT
SHOULD STAND THE
TEST OF TIME.”**

OUT AND ABOUT

| | | | |
ZF TRANSMISSION
| | | | |

Whatever speed you're travelling, or road conditions you're driving on, the Grenadier's expertly engineered design means it's highly responsive, well balanced, and fun to drive.

The award-winning straight-six 3.0L turbo **BMW engines** combined with the proven 8-speed automatic **ZF transmission**, recalibrated and fitted with a heavy-duty torque converter, give you the power and seamless smooth shifts to adapt effortlessly to any type of road. Plus permanent four-wheel-drive gives you traction you can trust.

Rely on the stopping power of a brakes system developed by specialists **Brembo**. Impressive, controlled performance that keeps you on the safe side. Progressive, **Coil Springs** manufactured by industry leaders **Eibach** absorb speed bumps and potholes and give a smoother ride across rough terrain. Add the Grenadier's chassis, anti-roll bars and five-link suspension set-up developed, tuned, and calibrated by **Magna**, and you can be sure of sharp, confident handling on any road.

“THE ATTRACTION
OF THIS CAR IS THE
ENGINEERING, THE WAY
IT’S BEEN THOUGHT
THROUGH.”

JONNY SMITH
THE LATE BRAKE SHOW

UK

GRAND TOURING

When you hit the highway, you'll find the Grenadier has been developed and engineered to be a smooth, comfortable, safe place to be. **Cruise control** on, a spacious and light cabin, supportive seats (heated if you need them) crafted by iconic car seat maker **RECARO**. All combine to help you go the distance. Got little ones on board? **ISOFIX** keeps them secure, while the tough **Utility Trim** is really easy to clean.

Long drives give you plenty of time to appreciate the small things. Those little details that can make even the longest journeys a pleasure. Enjoy extra refinement with our **Saddle Leather Driver's Pack**. And add supple full-grain **Leather Trim** and **Carpet Flooring** for extra comfort. Whether crossing a continent, tackling a lengthy commute, or taking that long-anticipated family trip, the Grenadier's interior is a great place to be as the miles roll by.

“ALMOST AS
IMPRESSIVE AS THE
GRENADIER’S OFF—
ROAD PERFORMANCE...
WAS THE WAY IT GOES
ON REGULAR METALED
SURFACES... DOORS
THAT ACTUALLY SHUT
PROPERLY, TAUGHT
AND PRECISE STEERING
AND MINIMAL BODY
ROLL DESPITE THE
PLIANT, OFF—ROAD
SUSPENSION.”

SIMON DE BURTON
THE SPECTATOR UK

ZF TRANSMISSION

MOUNTAIN HIGH

The mountains are calling. Load the bikes, kayaks, climbing gear, skis. Then head up the winding roads to adventure. Every aspect of the Grenadier is precisely thought through – from the commanding driving position, central instrument display and large mirrors, to the excellent front and rear visibility.

Constantly aware of other road users, and with a clear view of the scenery on the way up you alert a group of cyclists (or the wildlife) with the discreet Toot Button. And after 1.1 million miles of global testing, including inside the Arctic circle, slippery snow on the switchbacks is no problem, with **Permanent Four-Wheel-Drive**, **ABS** and **ESC** keeping you in charge at all times.

ICONIC

4X4

BIG CITY LIGHTS

Shops, cinema, restaurant, workplace. Wherever you're planning to pull up, make light work of heavy traffic with our proven, rigorously tested 8-speed automatic transmission developed by industry experts **ZF**, and tuned by us. Have your favourite songs on tap thanks to the radio and our **Premium Sound System**. And easily access podcasts and playlists with **Android™ Auto** and wireless **Apple CarPlay®**.

Need to check where you're meeting friends? Bluetooth connectivity and voice control means simple hands-free calls. Need a shortcut? Find it using Waze, Google Maps, or whatever app you choose. Maps, media, phonebook – it's all at your fingertips via the multifunction steering wheel, the **Central Control System's** easy to navigate touchscreen, or the **Rotary Controller**.

When you reach your destination, simply park your Grenadier using **Parking sensors** front and rear and the **Rear-View Camera**. Then leave your vehicle knowing it's protected by the standard alarm or **Advanced Anti-theft Alarm and Immobiliser**.

HARD AT WORK

INEOS GRENADIER 14

HARD AT WORK

The Grenadier is an expert off-roader engineered for extraordinary purposes. Designed, tested, and constructed to get the job done. Tough, capable, durable, and built to last. Prepared for all weathers, and all terrains, year in, year out. A working tool you can always rely on. Where you use it, how you use it, and what tasks you set it is down to you.

3.5 T TOWING
CAPACITY

*Aftermarket towing mirrors and trailer pictured are not offered by INEOS Grenadier.

GETTING THE JOB DONE

No matter how tough your working conditions the Grenadier won't let you down. With the **Station Wagon's** unique **30/70 Split Rear Doors** you have quick easy access for smaller items or full width loadspace in tight spaces. And with a trailer attached. Or make use of the reinforced, full length **Quartermaster** bed and drop-down tailgate ready to carry bulky cargo, kit or tools. And tow up to 3.5 tonnes with confidence with **Trailer Stability Assist**.

Fold the **60/40 Split Folding Rear Bench Seats** flat for 2,000 litres of loadspace in the **Station Wagon**. Fit a standard Euro Pallet in the 2-seat **Utility Wagon** or **Quartermaster**.

The **Utility Rails**, and **Tie-Down Rings** lets you secure your kit. Climb up the aluminium **Access Ladder** to the Station Wagon's roof. And use the **Roof Rails** to strap down whatever you need up top. Plastic Roof Strips will grip cargo and protect your paintwork. Want to keep mucky things separate? Stick gloves, ratchet straps, or wellies in the handy **Spare Wheel Lockable Storage Box**.

Years in the field take their toll. So the Grenadier's ladder frame is treated with powerful **Anti-corrosion Protection** that combines E-coat, powder coating and hot wax dip. Another innovation from our engineering partners Magna, with a 12-year anti-perforation warranty.

OFF-ROAD OFFICE

The Grenadier's interior is designed to be comfortable, functional, and clearly and logically laid out. Purpose built, with clearly labelled, well-spaced chunky buttons to be useable with gloves on. Every element thought through with a clear understanding of what you need, whatever the task. Like the stylish yet uncomplicated aviation-inspired **Overhead Control Panel**, designed to keep off-road switchgear out of the way. In severe terrain the central rotary knob means there's no need to use the touchscreen. No amount of mud, sawdust, or wet work clothes will stop you getting the job done.

Pre-wired auxiliary switches to power extra kit. Super supportive seats from renowned manufacturer **RECARO**. Utility, useability, and comfort, however long your working day.

When the job's done, simply hose down the Heavy Duty Utility Flooring thanks to the drain valves and splashproof interior. The hard-wearing **Heavy-Duty Seat Covers** offer even more protection.

FULL RECOVERY

Whatever job you do, you need a 4X4 that won't let you down. For some, lives depend on it. Partnering with mine-clearing experts The HALO Trust through testing, development and beyond has helped us push the Grenadier's engineering and design to ensure the durability and reliability you need.

Tailor yours anyway you need to with **10- or 25-Amp pre-wiring** built in to easily add beacons, blue-lights, sirens, searchlights, and other exterior lighting. When the weather closes in, use the powerful **40-inch Lightbar** accessory. Set about recovery with four heavy-duty **Towing Eyes**, and the factory-fit, **integrated Winch**. Precision machined to a meticulous design by renowned RED winches, for 5.5 tonnes of winching power.

Overseas model shown.

“HAVING TRAVELLED TO A NEW NUMBER OF PROGRAMMES ALREADY WITH THE HALO TRUST (CAMBODIA, ZIMBABWE, UKRAINE AND NOW KOSOVO) IT'S CLEAR THAT THE GRENADIER WOULD BE UP FOR EVERY TERRAIN THAT WE OPERATE IN NOW AND IN THE FUTURE. IT'S EXTREMELY IMPORTANT THAT THE JOB THAT WE DO, WE CAN'T DO WITHOUT VEHICLES SO WE NEED A VEHICLE THAT WILL BE ABLE TO GET US THERE AND GET US BACK.”

PAUL BRADFORD
GLOBAL FLEET MANAGER, THE HALO TRUST **UK**

PERMANENT FOUR-WHEEL DRIVE

INEOSGRENADIER.COM

AT HOME OFF-ROAD

AT HOME OFF—ROAD

Getting on with work, hitting forest trails, navigating boulder fields, dune bashing. Slippery, deep, rutted, rocky. Off-road terrain comes in many forms. So, you need a 4X4 engineered and tested to tackle every eventuality. From power, torque, and grip to rugged beam axles and constant traction, we've worked with our expert automotive partners to create a 4X4 fully prepared for wherever you choose to take it. And that lets you keep your eyes on the trail and hands on the wheel. The ground underneath you may change, the Grenadier's capability does not.

HEAVY DUTY COIL
S U S P E N S I O N

GETTING STUCK IN

Slick or sticky, deep or boggy, you need to know your 4X4 can handle any surface. Our choice of **Bridgestone All-Terrain** or **BFGoodrich** tyres means you're always prepared.

Over 1.1 million miles of testing proved the **Permanent Four-Wheel-Drive** provides reliable, instant traction while **ZF's** expertly developed **8-speed automatic** transmission provides seamless shifts to maintain momentum.

When the going gets really tough, drop the custom-made **Transfer Case** into low range, for a 2.5:1 gearing reduction that provides more torque at slower speeds.

Lock the centre differential and hit the optional individual front and rear differential switches for a full, three locking diff set-up. All to keep you moving even when only one wheel has traction.

**"THE GRENADIER TURNS TRAILS
THAT'D MAKE A HIKER COLLAPSE
INTO A NON-EVENT."**

KYLE KINARD
ROAD AND TRACK 

DUNE BASHING

Taking on desert dunes is a true off-roading adventure. And for that you need the right tool. The Grenadier's **Traction Control System**, perfected for our 4X4 by engineering experts BOSCH, takes shifting sand in its stride. And monitors wheel slip and selectively applies brakes to regain traction. **Downhill Assist** keeps you on track on the way down as the **Raised Air Intake** sucks in clean air to keep your filters clear.

Sometimes you'll dig in. Drop your tyre pressures then monitor them with the **TPMS** (Tyre Pressure Monitoring System) on the central touchscreen. Add mounting options for spades and sand ladders. Then, when dusk approaches but you want to carry on, toggle on the powerful **LED Auxiliary High Beam Lights** to show the way ahead.

ROCK SLIDING

TWO ——— SPEED
TRANSFER CASE

Driving tough trails in a 4X4 takes commitment, grit, and skill. It also takes an off-roader that can handle whatever you throw at it. Tough, capable, engineered without compromise, and built to last, we've tested every aspect of the Grenadier in the harshest conditions.

Engineered by us and built by TREMEC, the rock solid **Two-speed Transfer Case** keeps its cool thanks to an external oil cooler. A wheel at each corner ensures short overhangs front and rear. With ground clearance, and approach and departure angles that are up to the toughest challenge.

Strong, straightforward, coil sprung, **Solid Beam Axles** engineered and built by expert partners Carraro offer exceptional wheel articulation and traction, so you can make full use of the power being sent to the wheels. Plus superior flex while maintaining grip to deal with the most uneven ground. The **Underride Protection and Rock Sliders** ensure all your Grenadier's essential components and bodywork stay protected.

The central touchscreen continually displays feedback so you're always sure of your surroundings. Need fewer distractions? Activate **Off-Road Mode**, cut the noise and focus on finding your line. Hitting deep water? Switch your engine fans off with **Wading Mode**.

“MUD, WATER,
SLIME AND ROCKS,
THE GRENADIER
DIDN'T FLINCH.”

PAOLO ROSSI
REPUBBLICA
IT

EXTREME CONDITIONS

EXTREME CONDITIONS

A NEW CHALLENGE

You've prepared for the trip. Plotted the route. Filled the jerry cans and stashed the kit. Time to put your plan into action. Overlanding in Utah. Crossing the Simpson. Seeking out the big five in the Serengeti. Heading up to ski a glacier. Peddling a mountain, paddling a lake, searching for that legendary surf spot. The Grenadier is engineered to get you and your gear there and back again. However remote the destination.

SOLID BEAMS
AXLES

THE ROAD LESS TRAVELLED

Heading off the beaten track isn't just about the destination, it's about the experience of getting there. With the Grenadier you're all set. Simply load up your gear and go. Activate our unique off-road **Pathfinder navigation system** to plot your own route and mark waypoints using GPS coordinates and your Grenadier will show you the way back.

A **Full-Size Spare Wheel** comes as standard, and you can add the extra **Spare Wheel Bracket*** on the **Roof Rack** to sling another wheel up top as backup for the backup. There are loads of Roof Rack attachments too, including **Jerry Can Mount**, **Gas Bottle Holder**, and **Batwing Side Awning**, so when you find that far-flung beach or isolated lake, you're ready to set up camp.

"WE DIDN'T FIND ITS
LIMITS ON A LONG
OFF-ROAD TEST
IN THE SCOTTISH
HIGHLANDS, BUT
IT WILL TAKE YOU
FURTHER THAN
YOU DARE GO."

BEN OLIVER
ROBB REPORT 

*This feature is available for installation on Quartermaster only.

2 . 5 : 1
LOW-RANGE RATIO

ROOM, WITH A VIEW

Incredible wildlife. Spectacular landscapes. Memorable sporting moments. Prepare to pack the tripod, camp chairs and picnic box for the day ahead. And keep any electronics separate and safe in the **Underseat Dry Stowage**.

Parked up, chairs out, open the **Batwing Side Awning** for 270 degrees of shelter. Pop the **Safari Windows** out for a great viewpoint, perfect for watching wildlife or checking out the surf. And if you head off into the wilderness on foot, keep your valuables out of sight in the **Lockable Central Stowage Box**.

HAUTE ROUTE

Ski touring, mountain biking, road bike climbs – when you need your mountain fix the Grenadier is ready. Winter or summer, whether Quatermaster or Station Wagon, simply load your kit into the back or up top on the high strength, lightweight **Roof Cross Bars** and hit the heights. When the cargo bed or inside is full, stick extra clothes and gear in the weather-proof **Roof Mounted Cargo Box**. Or use the roof to attach your bikes using the **Roof Mounted Bike Carrier** or skis and snowboards on the **Roof Mounted Ski/Snowboard Carrier**.

“IT WILL APPEAL TO PROFESSIONALS, AS WELL AS TO AMATEURS EAGER TO ESCAPE, TO WHOM INEOS OFFERS A CATALOGUE OF ACCESSORIES OF MORE THAN 40 PAGES.”

GRENADIER X BELSTAFF

Authentic, uncompromising products built to take on the outdoors. Made to move and engineered to last, while never compromising on style and comfort. That's Belstaff clothing and INEOS Automotive's shared philosophies. Two global British brands founded a century apart by leaders in their fields. Both brands have embraced the road less travelled: focusing on enduring values of craftsmanship, quality, and functional design. No fads, no trends.

BELSTAFF

LIMITED EDITION

THE TRIALMASTER

Cut from 6oz British Millerrain waxed cotton and featuring both a slanted map pocket and an ergonomic pivot shoulder for improved movement, the Trialmaster was created in 1948 at the request of professional Trials biker and Irishman, Sammy Miller. It remains a covetable classic to this day.

THE FIELDMASTER

Designed for life in the outdoors, the Trialmaster's younger brother has a roomier fit, cropped body and more modern, functional styling - perfect for a day's driving.

Moto racer John Lee competes in the Scottish Six Days Trial on his BSA C15 wearing his customized Trialmaster jacket, 1960.

Do not load vehicle beyond its intended capacities, note loading equipment on the roof may change the vehicles handling characteristics.
Before towing consult the Owner's Manual or your closest Retail Partner for more detail.

FINANCE

Our retail locations across New Zealand are there if you need expert advice a test drive or even prefer purchasing in person. Our Retail Partners are the knowledgeable, passionate people here to help. You can also find your nearest Partner with our [online map](#).

Ready to buy? Get customising through our [online configurator](#), here you will find all our options and accessories. Upon completing your specification, a \$5,000* deposit will reserve your build slot.

PERSONAL

- Purchase plan
- Purchase plan with a balloon
- Personal contract purchase (PCP)
- Personal contract hire

For more information, visit our [how to buy](#) webpage.

*The sum remains fully refundable until closer to your production date when you sign your contract.

And you'll be able to explore finance and part exchange offers to pay the balance.

If you have a vehicle you would like to sell, use our part exchange calculator to see what it's worth. Add this to your deposit in our finance calculator and you can see what your monthly payments might look like. We offer both personal and business purchase plans:

BUSINESS

- Contract hire
- Lease purchase
- Lease purchase with a balloon

SERVICING

Regular 12-month servicing will be provided by our Retail Partners and by specially selected service outlets.

We know you might want to do some work yourself though, so we've made the vehicle as easy to work on inside and out as possible.

WARRANTY

Durability and reliability are core to the Grenadier's DNA. We're confident in the engineering and we've proven the vehicle's capability and quality over 1.8 million kilometres. Backed up by our comprehensive warranty package.

OVERVIEW

Manufacturer's Warranty	5 Years - Unlimited Mileage
Whole Vehicle Anti-perforation	12 Years
Accessories	5 Years

PARTS

Customers that depend on their Grenadier can't afford costly downtime. So we are aiming for 24-hour delivery in major markets, thanks to a central logistics centre, regional hubs and logistics partners.

We've thought too about how to help you keep you and your Grenadier going no matter what.

THE RIGHT PRODUCTION SITE

A state-of-the-art Grenadier production site. 210,000 sqm housing 1,300 highly experienced workers with an excellent reputation for quality and 20,000 hours of Grenadier-specific training under their belts. We invested an extra €50m in a new paintshop, fully automated bodyshop, and quality centre. Ultimate 4X4s engineered differently and Built For More.

“BUILT FOR MORE IS A CALL TO DRIVERS TO GET OFF THEIR SOFA, BREAK FREE FROM THE CONFINES OF DIGITAL DEVICES AND EMBRACE WHAT THE OUTDOOR WORLD HAS TO OFFER. THE GRENADIER IS A GO-ANYWHERE 4X4, ENGINEERED TO WORLD-CLASS STANDARDS AND LITERALLY BUILT FOR MORE OF WHAT THE WORLD HAS TO OFFER.”

**LYNN CALDER,
CEO, INEOS AUTOMOTIVE**

Written and visual depictions (including photographs, CGI and colours) of the vehicle within this brochure may vary from production models and are subject to change without notice. INEOS reserves the right to make updates to the product offering including specifications, options and accessories. As such, the quoted prices and specifications in the (Price List/ Brochure/Website/Configurator) are indicative and may not reflect current offering and availability. Pricing and details provided do not constitute an offer for the sale of any particular vehicle at any particular price or specification. Optional features, accessories and their availability may differ by vehicle (bodystyle and powertrain) and country or require the installation of other features in order to be fitted. Note that some standard features may be replaced when specifying a vehicle or selecting trim levels. Please contact your local Retail Partner for more details or configure your vehicle online. Warranty periods offered by INEOS on certain features may be limited and differ in duration. Please refer to the INEOS Automotive Manufacturers Warranty Terms and Conditions for details of variations and exceptions. Prototype vehicle images included throughout. Some features may not be representative of final vehicle specifications. All models have been tested in accordance with the World Harmonised Light Vehicle Test Procedure (WLTP) and as such all L/100km and CO2 figures quoted are full WLTP figures. Figures are shown as a range under WLTP testing measures. WLTP figures may be adjusted according to the final specification of your vehicle. The CO2 emission (Diesel – 276-340g/km, Petrol – 325-370g/km) and fuel consumption (Diesel – 10.5-13.0 l/100km, Petrol – 14.4-16.3 l/100km) figures quoted by INEOS are Combined Cycle estimates. The low figure is from a base vehicle, high from fully optioned vehicle with off-road tyres. Passenger vehicles are tested with 15% of payload. Commerical vehicles are tested with 28% of payload (Bodystyle and powertrain availability may vary by market). These figures may not reflect real world driving conditions, which will depend upon a number of factors

including variations in weather, driving styles, vehicle load and accessories fitted (post-registration). Final CO2 emissions figures and resulting associated pricing will be confirmed by INEOS Automotive or your selected Retail Partner prior to order confirmation. Tests will be performed in accordance with legislation in force at the time of type approval. Additional options offered for the vehicle may affect performance, emissions, exterior dimensions and off-/on-road geometry. Loading equipment on the roof may change the vehicle's handling characteristics and users should not load the vehicle, any options or accessories (or any part of them) beyond their intended capacities. Off-road driving and use of related equipment (including options and accessories) requires advanced training and experience. Improper use of the vehicle or other equipment may be unsafe and could result in property damage and/or injury to users and/or other parties. It is the user's responsibility to check the vehicle, equipment, route and conditions ahead before proceeding. Consult the Owner's Manual, applicable accessories manual instructions or your closest Retail Partner for more detail. The aniline saddle leather is untreated and is subject to staining and discolouration as it absorbs moisture and oils and will fade and/or discolour when exposed to the sun. Due to the nature of the material, we are unable to include the Saddle Leather Driver's Pack within our full vehicle warranty and cannot accept responsibility for any staining, fading, discolouration or any other defects typical of this leather type caused by natural wear or otherwise. By selecting the Saddle Leather Driver's Pack you acknowledge acceptance of the above information. Please refer to the Warranty T&Cs for more detail. The Utility Belt option has restricted usage on-road, dependant on local laws. Only use in-car features when safe to do so. Driving while distracted can result in loss of vehicle control, damage to property, injury or death. Always obey local laws and speed limits. Please refer to the INEOS Automotive Manufacturers [Warranty Terms and Conditions](#).
